

Rosengrens RS

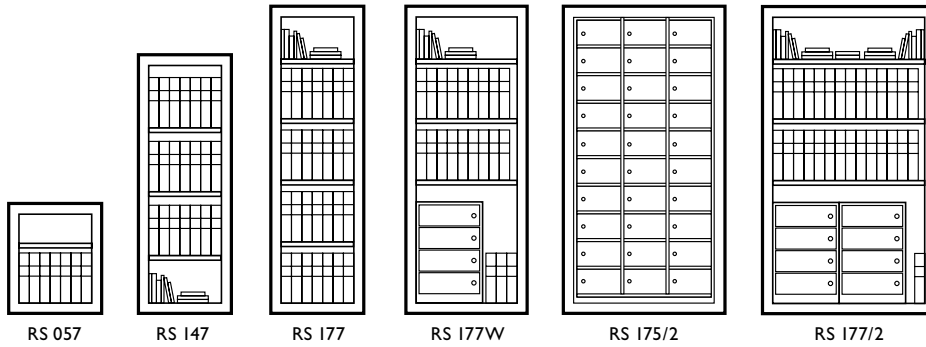

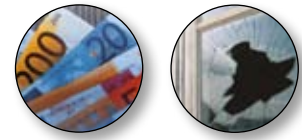

Burglary protection of valuables

Rosengrens RS is a complete range of security cabinets for protection of valuables against theft and burglary. The cabinets are available in six various sizes, from 104 up to 678 litres. RS can be provided with a wide range of functional and flexible interior fittings, such as extensible shelf, extensible file frame, key-rack and lockable compartment. With the various fitting alternatives all your valuables and vital documents can be stored in the most efficient way. The security cabinets RS are burglary tested and approved according to the Swedish Standard SS 3492. A resettable key lock is fitted as standard and other locking options are available upon request.

Rosengrens RS

Burglary protection of valuables

Product data								
Model	External dimensions (mm)			Internal dimensions (mm)			Weight (kgs)	Vol. (lit)
	Height	Width	Depth	Height	Width	Depth		
RS 057	680	575	500	672	547	440	80	162
