

# Secure Safe Trend I Deposit

for securely depositing cash and valuables

*The Secure Safe Trend I is designed to protect cash and valuables from the threat of theft. The Deposit version is designed to allow retailers and small businesses to deposit cash, cheques etc. easily. The Secure Safe Trend I Deposit offers an effective security solution to the problem of how to store bank notes as they accumulate during the day's trading before banking or protecting in a main safe at the close of trading.*

## Models

The Secure Safe Trend I Deposit is available in 2 models, specially designed to deposit and securely store cash and valuables. The deposit slot is located above the safe door and measures 170 x 15 mm (width x height).

## Construction

The Trend I range is constructed with an 8 mm solid steel door and 3 mm steel body. Increased security is achieved by hardened steel plates which protect lock, bolt-work and bolts against drilling. The door is secured by chrome plated, 25 mm diameter bolts. The Deposit slot is fitted with a full width anti-fishing plate to resist unauthorised removal of items deposited.

## Locking

The safes are offered with a double bitted key lock or electronic PIN-code lock (6 digits) with a LCD-display. The electronic lock version is additionally equipped with a mechanical override in case emergency opening is necessary. Electronic locking is only available on the size 32.

## Additional features

The safes can be fixed to the floor or wall using the included fixing kit. In addition the safes are supplied with a removable shelf as standard.

## Design

The Trend range has modern styling and will complement any user environment. The safes are in two-tone colour powder coated finish; light grey and dark grey.
